~A Message To Lay Ministry Leaders~

GETTING SERIOUS ABOUT
CREATING A PLAN OF ACTION
BEING ESSENTIAL WITHIN AN ESSENTIAL CHURCH

DR. CLIFFORD L. HARRIS, GENERAL SECRETARY
DEPARTMENT OF LAY MINISTRY
CHRISTIAN METHODIST EPISCOPAL CHURCH
In the Spring of 2009, while serving as President of the Connectional Lay Ministry Council, I wrote a Helping Hands Bulletin which opened with the following two statements and a question: “Get a new and fresh start in creating an action plan for your organization! You do have an “Action Plan” don’t you? If you do, I encourage you to build on what you have done and if you don’t, now is the time to get better organized with a focused “Plan of Action.”

This “Helping Hands Bulletin” is written to remind and urge Lay Ministry Leaders at all levels of Lay Ministry to take seriously my recommendation and plea! Again, a well thought out, collaborative, written “Plan of Action” will assist you and the lay ministry councils in which you serve to move toward more positive, orderly, and organized engagement during regular meetings and help to carry out effective and consistent ministry from one year to the next!

The “Annual Conference Season” is fast approaching, and I urge Regional Lay Ministry Leaders to: (1) Request from your District Lay Ministry Leaders their District Reports; (2) Complete your Annual Report (As you know, forms for both 1 and 2 are on the Lay Ministry Web Site); and (3) Use the form provided with this writing as a template for crafting your Plan of Action for the 2014-2015 Annual Conference Year. This will allow your Presiding Bishop and other leaders in your Region to know the extent of your Council’s ministry efforts... This is important! By the same token, District and Local Lay Ministry Leaders should provide the same form of documentation when making district and local reports. Certainly Presiding Elders and Pastors will receive valuable insight into the efforts that your respective Lay Ministry Councils will be involved in for the year.

Leaders, - you must plan your work and work your plan! ← If you don’t, you are subject to be left out and if you are included without the benefit of an active plan, someone else is subject to plan your work for you or leave you out of the larger plan altogether... In Genesis 6, Noah was confronted by God and told to build an ark. - So that he could preserve himself and his family he planned and stayed on task for 120 years; he withstood criticism and was the brunt of jokes as he prepared for the flood. His plan and his focus allowed him to use his abilities and succeed in sparing the human race. Who will be the beneficiaries of your plan and your focus?
SUGGESTED PROCESS OR APPROACH TO FORMULATING YOUR PLAN OF ACTION

- Preferably, prior to your major annual meeting (annual conference, district or regional planning meeting, local church yearly planning meeting, etc.) - assemble the Lay Ministry Council members together and discuss the Lay Ministry Objectives that the Council would like to focus on or address over the next twelve (12) months.

- Be purposeful in getting input from/or insuring the presence of leaders and other organizational heads and/or their representatives. At the local level seek insight from your Pastor; at the district level, from the Presiding Elder; and the Regional level, your Presiding Bishop. The aforementioned approach will provide opportunity to begin with a collaborative and inclusive spirit, thus helping to reduce conflict and misunderstandings.

- Discussion should be facilitated in a way that allows all who are present to feel a part of the process. Provide each person present with a copy of the Lay Ministry Beliefs and Objectives sheets, and the Action Plan form (contained in this bulletin).

- Discuss and share in a way that prompts the council members to consider the objectives that will best assist in the needs, concerns, and overall life and witness of your work and your organization.

- Don’t get bogged down with individual agendas and don’t choose more objectives to address for the year than is practical for the council’s energy and resources; focus on 3-5 objectives per year. Don’t try to do it all in one session. Discuss to a point, explain what is needed for the next step and/or meeting and allow members to bring reflections and suggestions back to the next session.

- Be certain to include a cover page with the Lay Ministry Council name, the words Plan of Action with year, and appropriate leadership listing.

- If the Lay Ministry Council is serious about being “Poised for 21st Century Ministry”, it and other organizations involved should establish a sound timeline (document and keep it updated regularly) throughout the processes for completion of planned actions and strategies. – It is very easy to get off track or behind schedule, especially when members have other responsibilities.

- Look for opportunities to team and collaborate with other organizations.

- If the leader provokes the members to stretch to greater limits, - he/she must get prepared to stretch with them!
